HEYITSMATTWADE.COM

EDUCATION

Saint Louis University

2007–11

- B.A. *magna cum laude*, Mathematics.
- Minors in Computer Science and Philosophy.
- Recipient of 2011 Garneau Math Award.

WORK EXPERIENCE

Sprout Social

2021–Present

Senior Software Engineer, Web

- Worked on consumer facing web applications, primarily React.
- Provided leadership in debugging, refactoring, and architecting features.

Designory

2017–2021

Lead Frontend Engineer

- Member of leadership team. Responsible for mentoring junior developers, reviewing code, and interviewing new candidates.
- Led development of several public-facing websites with a focus on Design Systems by leveraging React + Gatsby, Vue, and/or Handlebars for frontend frameworks.
- Architected and built many internal build tools, including our standard static-site boilerplate, screenshot automation, and various migration scripts.
- Generally programmed on a NodeJS stack, while interfacing with AWS, Heroku, Sharepoint, SiteCore, Wordpress, and/or Drupal.

WORK EXPERIENCE (CONT.)

RAM Racing

2015–17

Frontend Developer

- Redesigned and developed main administrative interface of registration platform, with a focus on implementing responsive design elements.
- Led efforts to standardize JavaScript and comply with best practices.

FleishmanHillard

2011–15

*(MIS department became **Consolidated Data Services** (CDS) in 2014)*

Lead Technical Specialist

- Managed the daily operations of the Help Desk to ensure a consistent and high level of customer service was delivered from the team.
- Mentored and managed interns, two of which were hired to full-time positions.
- Designed and created several web pages with a focus on ease of use and automation.
- Programmed numerous utilities and automated tasks for IT staff, providing solutions which greatly improved efficiency.
